**Cooper's Lacto-Lithiated Strontium Compound.** (Van Ness Formula.)

### FOR THE TREATMENT OF BRIGHT'S DISEASE.

The Salts of Strontium used in our preparation are entirely free from Barium, neutral, reliable and palatable. The Lithium is well washed in Alcohol, neutralized and dried. These salts, when combined, in the treatment of Bright's Disease, and in conditions associated with Albuminuria, give results which are so rapid that in 24 hours after dispensing, the Albumen excreted will be diminished one-half, and in ten days almost entirely disappears.

Dose—1 to 2 teaspoonfuls after each meal.

In Bright's Disease, when associated with Uræmia, this is a remedy of extraordinary value. Its effects are immediate and marked, producing a copious action of the Kidneys, the character of which changes after the first dose.

Put up in Pint Bottles only, Price, \$2.00.

Made only by VAN NESS-COOPER CO.,

CATALOGUE ON APPLICATION.

THE JACKSON SANATORIUM, DANVILLE, NEW YORK, is the LEADING HEALTH INSTITUTE of the Country. See p. 11.

# LEITH VILLA,

Newport Avenue,

Ventnor, N. J.

...DIRECTLY ON THE BEACH...

**L** EITH VILLA is situated on Newport Avenue, at Ventnor, N. J., which is a suburb of Atlantic City, N. J., one of the most charming places on the Atlantic Coast. The ocean on one side with its breakers almost at one's feet, sail boats and steamers in full sight giving a view of thirty miles of ocean. On the other side we have the bay with its sails to the breezes. When on the large porches which surround the house one almost imagines they are really in mid-ocean. In front of the house are the natural hills of New Jersey covered with the Jersey pines, wild flowers and fruit, such as the wild plums and cherries.

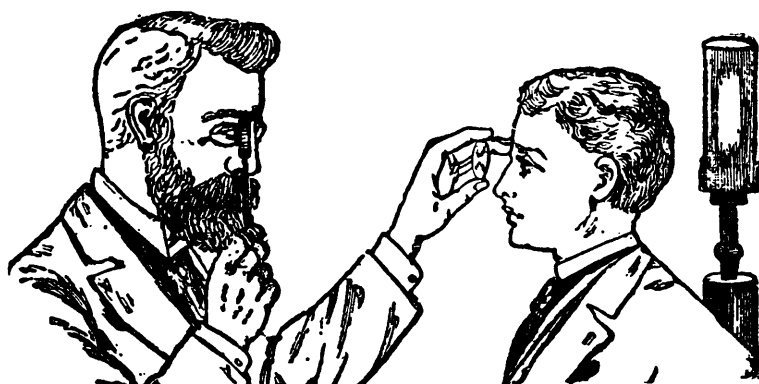

The trolley cars meet every train, thus in a few minutes persons can be in all the excitement of Atlantic City. House is new and all newly furnished. Accommodates about 60 guests. A good home table.

TERMS, \$8.00 TO \$12.00.

Water from Artesian Well,  
800 Feet Deep.

## ST. LOUIS COLLEGE OF OPHTHALMOLOGY

**A SCHOOL FOR  
PRACTICAL INSTRUCTION  
IN OPHTHALMOLOGY.**

**T**HIS is a private course, carried on personally, by correspondence, designed only to meet the wants of the general practitioners who wish to take up the study of ophthalmology, with the object either of rounding out their general medical education or of ultimately perfecting themselves for this special work. The course is divided into two

terms, the first term includes the anatomy, physiology and histology of the eye, together with optical principles and its practical application to the reaction of errors of refraction and accommodation by the use of glasses, etc.

The second term comprises the pathology, diagnosis and treatment of the diseases and conditions not comprised in the first term.

**FEES, \$35.00 PER TERM.**

This is a new application of the Chautauqua plan of teaching by correspondence and is proving itself a great value to those unfavorably situated to spend much time from their practice as it would otherwise be necessary to learn this subject in the clinics. This is especially so in the first term, which really forms the groundwork of the subject and which is so nicely arranged that it is all gradually mastered so thoroughly, a little at a time, according to the amount of time able to give to it, that when the course is finished there is no difficulty in measuring the ordinary run of cases quite accurately and thus enable him to prescribe glasses successfully.

# MISSOURI BAPTIST SANITARIUM,

909 TAYLOR AVE., ST. LOUIS, MO.

A Home and Hospital established by the Baptists of Missouri. Admits the sick and afflicted of all denominations and no denomination. Has a Nurses' Training School. Has a Woman's Board of Charity, which has charge of the charity work of the Institution. Is a charitable and Christian home for the sick. Any physician in good standing may treat his own patients in the Sanitarium. Patients may choose their own Physician if they so desire. Massage and baths at reasonable rates.

The size and location of the Sanitarium with its many other advantages, makes it one of the most desirable institutions of its kind in the West.

For rates and further information, address, **DR. B. A. WILKES,** Superintendent and House Physician.

If notified, an ambulance or reliable person will meet patients at trains, and convey them safely to the Sanitarium.

## The American Medical Journalist

Makes a Special Feature of cultivating those Manufacturers who might profitably use Medical Mediums, but who do not. An advertisement for your publication in the Journalist will catch the eye of every Advertising Manager in the Pharmaceutical World.

## The American Medical Journalist

Is specifically a medium for the Editor, Publisher and Advertiser. Each month it reaches the private desk of every manager and advertising agent in the United States. Puts you in touch with those who sign the contracts. Contains interesting news concerning medical magazines and their Advertisers.

## The American Medical Journalist

Enjoys the distinction of being the only independent and exclusive magazine for Medical Journalists and Pharmaceutical Advertisers in the world. Portraits of prominent editors and publishers—Articles on current topics, practical information for those in search of paying mediums.

## The American Medical Journalist

Will make the exterior of your magazine familiar to advertisers by inserting a fac simile reduction of your cover—Two Dollars and Fifty Cents per month or twenty-five dollars per year, pays for the insertion of your cover page in the Journalist. No charge for the engraving. Communications cheerfully answered. Address

Charles Wood Fassett,

## TRACY HOME for MEDICAL and SURGICAL NURSING.

**MRS. A. B. TRACY** announces to the Medical Profession and the Public that it is ten years since she built and founded this Institution for those who desire treatment by faithful trained Nurses. The Home is pleasantly situated on a high eminence in a quiet part of the City, overlooking the river, and in full view of the State Capitol. The House is heated by steam. Each room is separate and well ventilated. The sanitary arrangements are excellent, being all that is requisite in a first-class Hospital.

pital. Douches, baths—hot or cold, massage, inhalations, are provided, as the patient may require, in addition to other treatment. The Home is intended for the convenience of men and women, who will be attended by their own chosen physician or any school, whose instructions in regard to diet, etc., will be strictly carried out. Patients from abroad may rest assured all their wants and home comforts will receive attention. No contagious diseases will be admitted. Visitors are received every afternoon.

A Training School for Nurses was established in 1893. Terms, from \$7.00 to \$25.00 per week, in advance, according to room and treatment. For further information inquire of **MRS. A. B. TRACY**, SUPERINTENDENT, or **MISS REBECCA MEYER**, HEAD NURSE, Corner Ridge and Sherman Sts., Des Moines, Iowa. Telephone 491.

## Journal of the Massachusetts . . . . . . . Association of Boards of Health.

THE JOURNAL is offered to the public as the most authoritative and practical Sanitary periodical in the country. The Association which it represents necessarily takes its tone from the high standard of Sanitary Science established in Massachusetts by the State and various local Boards of health. The Journal was established in 1890 to diffuse the latest and most useful Sanitary information, and in the seven years since it was founded it has covered practically every question bearing upon the problem of Public Health.

No Medical or Health Officer can afford to be without this official publication of the Massachusetts Association. The information and discussions which the Journal contains are useful all over the country—in every little town and in every great city. They represent the latest thought and the latest practical knowledge, and the Journal containing them will be equally welcome and useful to the Scientist in his laboratory and the working Health Officer in the field.

In subscribing, please note whether bill is to be made out to the individual, or to the Town or City.

**Subscription Price, \$1.00 Per Year. Single number, 25 cents each.**

# PACIFIC HOSPITAL.

A Notable Institution Established under the Direction of  
DR. ASA CLARK.

THE want of an institution that would meet the requirements of mental diseases, overwork and nervous prostration was early recognized by Dr. Asa Clark, and in 1871 he established the institution so widely known as the Pacific Hospital, in Stockton, where every form of mental disease receives rational treatment. Realizing the beneficial effects of light, air and comfort, he sought for a location where he could obtain plenty of the two former, and he determined to provide the latter. The Hospital is in the southwestern part of the city surrounded by pleasant grounds covering forty acres, part of which is used as a kitchen garden, and part for the dairy purposes of the Hospital. The buildings are two stories in height and about half an acre in extent. The corridors are wide, airy and light, affording the patients who cannot be trusted out in the grounds and all others on wet days ample room for exercise. Every room is carpeted with Brussels or tapestry carpet and furnished in a style at least equal to any first-class hotel in the country, while the table is not surpassed anywhere. Arrangements are made whereby any patient can have his or her special attendant to look after their comfort, and this at a moderate cost. In short the Pacific Hospital affords the luxuries of the best hotel, the comforts of a home, and the conveniences and restraints necessary for the patient's well-being.

The Institution is located on an elevated and picturesque site, overlooking the city of Boulder, twenty-nine miles by rail, via the U. P., D. & G., from the city of Denver. The most healthful of climates in the United States for all classes of invalids, especially those suffering from lung troubles. Buildings with all modern conveniences, including steam heat, electricity, elevators, and gymnasium. Perfectly ventilated. Can accommodate one hundred guests. Spacious bath apartments, occupying two floors. Baths of every description, including the electric-light bath. Massage and Swedish manual movements by trained manipulators. Classified dietary. Aseptic operating rooms and surgical wards. Laboratory of hygiene for bacteriological, chemical, and microscopical investigation. A corps of physicians of extensive experience in Sanitarium medical work.

From Hon. Cecil J. Rhodes, Cape Colony, Africa: "I find your **ELECTROZONE** very good for horses' sore backs; it has been tried and found successful, and will therefore be very useful, as our horses are always more or less suffering from sore backs, owing to long journeys and bad saddles. Kindly oblige and send me fifty dozen and draw on me for cost." *The Electrozone Commercial Co., Philadelphia and New York.*

STAMFORD, CONN.

PRICE, \$25.00.

## THE Victor Shunt Box

is the only perfect galvanic regulator on the market. It is designed for use either with the 110 volt street current or battery cells.

If the 110 volt current is available your faradic coil and all instruments heretofore operated by batteries can be connected direct to shunt box without additional expense.

By its use you can administer any strength of current desired; beginning at zero, the voltage can be increased almost imperceptibly until sixty volts has been reached. Doses as small as one-thirtieth of one volt can be administered or the full sixty volts can be turned on as fast as the hand can move.

We make an electrically operated air compressor designed specially to meet the requirements of the up-to-date practitioner.

We have made the needs of Physicians, Surgeons and Dentists our special study, and we manufacture a complete line of electrical specialties for their use, including Cataphoric Obtunders, Examination Lamps, Head Lamps, Motors, Regulators, Cautery Transformers, etc.

We will be pleased to answer all inquiries relative to anything in our line, and to make estimates on the cost of making special instruments to order, also on repair work.

I LOST both of my legs below the knees and tried to use the artificial limbs from several makers, but could not wear them because they did not properly fit and soon ruined my stumps, requiring five re-amputations, my naving experience, with rare mechanical skill I soon manufactured legs that were comfortable to use, and for 17 years I am manufacturing artificial legs and arms with latest improvements. Their merits of simplicity, durability, comfort, naturalness and perfect substitute, bring many testimonials from those who use them.

# THE GUARANTY RUPTURE CURE CO.

(INCORPORATED.)

**DR. H. B. LEIGHTON,**  
INVENTOR OF  
THE GUARANTY RUPTURE CURE.

The cure is effected by securing a perfect union of the opposite surfaces of the hernial canal at the inner ring or starting point of the rupture. This is accomplished by spraying the separated surfaces of the abdominal wall with a fluid that softens the parts and causes the formation of new tissue.

It is the unvarying rule of this company to accept no payment for treatment until the patient is cured, and the cure is warranted for life. All are invited to investigate, and every facility is given for so doing.

Correspondence solicited, promptly answered and always strictly confidential. Territory sold or leased to parties desiring to practice this method of treatment. As a specialty this is unsurpassed. Address all communications to the home office.

## THE GOOD SAMARITAN HOSPITAL,

Cor. 6th and Lock Sts.,  
CINCINNATI, O.

**Under the Efficient Management of the Sisters of Charity.**

The private department comprises forty well ventilated, neat, attractive and comfortable rooms, a number being elegantly furnished and calculated to please the most fastidious; two operating rooms, large, well lighted, models of convenience and cleanliness, and up-to-date in every particular. The prestige, incidental to an existence of thirty years, together with the assiduous care and efficient nursing administered by the sisters, insures to its patrons the most proficient surgical and medical attendance.

The ward service is complete in every particular; the occupants receive a degree of privacy unknown in other institutions, the best of medical skill and the kindest nursing. The portals of the institution have ever been open to those afflicted and in need, irrespective of creed, condition or color, and during the years of its existence the accommodations have never been commensurate with the desire to care for the unfortunate.

Twice weekly, clinics are held by the most renowned talent the city possesses, in a commodious, well heated, well lighted amphitheatre, capable of seating two hundred and fifty people. Here patients, suffering with every variety of disease and injury, who are financially unable to engage the best medical attention are treated in the most scientific and effectual manner, and students of medicine are given an opportunity to see, examine and witness the treatment of all cases.

ESTABLISHED 1870.

J. C. SCHNOTER'S  
ARMY AND NAVY SUSPENSORY.

## J. C. SCHNOTER'S KNITTED SUSPENSORIES

Are the only perfect ones on the market. The pouch being seamless is elastic, easily adjusted, making a delightful support; perfectly constructed for comfort and recreation. A permanent relief for Varicocele (Cirsocoele), Hydrocele, etc. The only Hygienic Suspensories that have the full indorsement of Physicians and Surgeons. Nothing but the best and purest of materials are used in their construction. These bandages have stood the test of the entire world since 1870, and still lead as the best, despite the many worthless imitations that have sprung up since. Little was known of any other make at that time.

**ARE YOU AWARE** that inferior goods are being imposed upon unsuspecting people as being the Celebrated Schnoter's Suspensories? Now we Caution you against buying any Suspensory Bandages excepting those bearing our name, and the inventor's initials (J. C.) before the name of Schnoter on every box and bandage. They are for sale by all the leading Wholesale and Retail Druggists throughout the United States. Manufactured solely by the

## THE HAMMOCK INVALID FOLDING BED

The hammock feature is one of the most valuable of the many good points of this bed, facilitating the change and airing of bedding, giving the patient the relief of being lifted from a heated mattress to a cool and comfortable hammock, securing perfect ventilation of the body and preventing bed-sores. The circular opening in the hammock enables the use of a chamber without inconvenience. In fact this bed is a revelation to the weary invalid, being invaluable in the treatment of all acute and Chronic Diseases, Paralysis, Rheumatism, Consumption, Continued Fevers, Heart Disease, Fractures and other severe injuries and surgical operations.

The Ralston Patent Bed Warmer "fills a long felt want" in the matter of warming beds in homes, sick rooms, hotels, hospitals and sanitariums, by means of heated water. The above cut gives its shape, and it is usually made of sheet copper; the medium size holds six quarts, but it may be made larger or smaller to suit colder or warmer climates. The water used is heated within the Warmer on almost any stove, no change of water is required, but the same water may be used continuously. The invention combines convenience, efficiency, economy, safety and durability; in this it has no equal in this or any other country. State, City and County rights for sale. Patented Jan. 12, 1897, by W. G. Ralston, M.D., Evansville, Ind. **PRICE \$2.**

(Moor Baeder)

We beg to announce to our esteemed patrons and the public in general that we have established the celebrated Curative Mud-Baths at our establishment, 1927-1929 Wabash Avenue.

We obtain the "Mud" directly from Attica, Ind., and have the latest improved appliances for its use. The reputation we have earned since 1878 by our Steam and Electric Baths, and our Massage and Swedish Movement is sufficient guarantee, we believe, that we will give good, conscientious and efficient service also in this new department.

Very respectfully yours,

TONY KERCHER & SON,

1927-1929 WABASH AVENUE, - - CHICAGO, ILL.

## DR. McMUNN'S ELIXIR OF OPIUM.

An Invaluable Discovery In the Preparation of Opium.

It contains all the valuable medicinal properties of Opium in natural combination, to the exclusion of all its noxious, deleterious, useless principles upon which its bad effects depend. It possesses all the sedative, anodyne and antispasmodic powers of Opium. To produce sleep and composure; to relieve pain and irritation; nervous excitement and morbid irritability of body and mind; to allay convulsive and spasmodic actions, etc.; and being purified from all the noxious and deleterious elements, its operation is attended by no sickness of the stomach, no vomiting, no costiveness, no headache, nor any derangement of the constitution or general health. Hence its high superiority over Laudanum, Paregoric, Black Drop, Denarcotized Laudanum, and every other Opiate preparation.

**CAUTION.**—On account of its large sale, spurious articles are offered in bulk. The genuine is sold only in vials of about 7 drachms, with yellow wrappers and signature of Jno. B. McMunn.

**E. FERRETT, Agent, 372 Pearl St., New York City.**

## SPECIAL NOTICE TO PHYSICIANS.

**DR. B. F. COLE** Ohio's Eminent Physician and Specialist has for the past thirty years devoted his entire time to his profession. He has been located in Dayton for eighteen years, and in that time his success has proven marvelous, in the treatment of all forms of chronic, private, and all diseases peculiar to women, and other diseases too numerous to mention.

On account of age and declining health, the doctor will soon be obliged to retire from practice, and for the benefit of any physician who desires, he will send his prescriptions and full instructions, for the treatment of any one disease for **\$1.00**.

His prescriptions are all original and have proven efficient in his extensive practice. A trial will prove them to do all he claims.

The medicine can be prepared by any physician.

## CAUTION.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting moneys in advance. *Before signing an order, see that it has the name of R. L. POLK & CO. printed thereon.* We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

## POSITIVE CURE

**For Granulated Eyelids.  
No Caustics are Used.  
No Failures.**

You can be cured in from 30 to 90 days. Granulated Eyelids and Scrofulous Sore Eyes are the most difficult to cure that Physicians have to handle. By my treatment the most difficult cases are easily cured. Enough medicine to test its merits will be sent for \$2.00. Address

# STRONTIA SPRINGS MEDICINAL WATER.

The water comes from the Springs warm, 90° F., and is a natural effervescent. Prof. Wm. P. Headon made an analysis of the water when the spring was simply an open hole, and found Carbonic Acid, Silicic Acid, Sulphuric Acid, Iron, Alumina Lime, Strontia Soda, Potassa, (Magnesia heavy).

The Strontia, in combination with the other valuable medicinal properties found in this water, gives it a value as a restorer of all the Vital Forces, unequaled by the water of any known spring in the world. It is invaluable in the treatment of all Nervous Diseases. For Stomach and Intestinal troubles, and Kidney, Bladder and Uterine Diseases it has no equal.

It is a valuable remedy for Eczema, Urticaria, and other Skin Diseases. It has a specific influence on the Mucous Membrane, soothing and healing. It influences the entire animal economy, restoring all the organs to their normal healthy function.

We recommend this water to the careful consideration of all intelligent physicians, believing they will find it a valuable adjunct in the treatment of many obscure and troublesome diseases.

If the stomach is very weak commence using only one-third to one-half tumblerfull for first week, three to four times a day. Drink hot before breakfast, and at no time should the patient drink it ice cold. If you are troubled with insomnia don't fail to give this water a trial; drink hot on retiring. We would be pleased to have you call or write for testimonials and further information.

The Strontia Springs Hotel and Cottages are located in the Grand Canon of the Platte River, and offer unequaled attractions to those seeking Health, Pleasure or Rest. The scenery is Grand, Majestic; wild Fruits and Flowers abound in their season. The Platte River, in front of the Hotel, is unexcelled for Trout Fishing. One hour's delightful ride from Denver, on the old reliable South Park R. R., whose trainmen are always courteous, will land you at the Hotel door. The life giving waters are free to Guests. GEORGE O'BRIEN, M. D., Demonstrator of Anatomy.  
MARY ALICE LAKE, M. D., Demonstrator of Anatomy.

The course of instruction is graded, and covers four years of nine months each.

## LABORATORIES.

The laboratories for Chemistry, Anatomy, Physiology, Bacteriology, Pathology and Materia Medica are large, well lighted and thoroughly equipped with material and the most approved apparatus. For the most part, the professors conducting the laboratory work, devote their entire time to their specialties.

## CLINICAL ADVANTAGES.

Clinical instruction, illustrating the didactic, is a special feature of the third and fourth years work. The University owns and controls its own Hospital. The Hospital is located on the University grounds.

The members of the Faculty, resident in Denver, are connected with the Hospitals of that city, where operations and clinics afford the best opportunities for the study of actual cases.

**TUITION.**—Tuition is \$40 per year. This is payable upon entering the school. There are no other fees.

## ADDRESSING PHYSICIANS and DENTISTS.

Our list is kept corrected to date.

R. L. POLK & CO., DETROIT and CHICAGO.

# WESTERN UNIVERSITY

## FACULTY OF MEDICINE.

ORGANIZED 1882.

Commences its annual course of lectures October 1st of each year and continues six months. The curriculum consists of a four years graded course of didactic and clinical lectures with demonstrations, supplemented by practical work in the laboratories and dissecting room upon the various branches of medical science.

Ample opportunities are given for clinical instruction (to which great importance is attached by the faculty) in the General Hospital and the various charities of the city.

The Medical Department of the Western University is recognized by the College of Physicians and Surgeons of Ontario, and by the Royal Colleges of Edinburgh, Glasgow and Ireland.

# Home for Incurables,

## LONDON, ONTARIO.

This institution has been inaugurated for the purpose of ameliorating, as far as possible, the sufferings of those who are afflicted with incurable disease, ministering to their wants and soothing the last years of lives to whom sympathy and gentle influences have been strangers. To this end the Home for Incurables unites all that careful nursing can accomplish, and in its aims appeals to every christian heart who regards all men as brothers.

The institution is under the management of a board composed of the ladies of the Women's Christian Association, which is a guarantee that order and systematic arrangements are the leading characteristics—together with the best medical skill procurable makes the home a very desirable one for its purpose.

For terms and information, address

**MRS. PATTULLO, Secretary,**

**THE KEELEY INSTITUTE**, located at 716 West 10th St., in the University Club Building, KANSAS CITY, MISSOURI, is the largest and best appointed Keeley Institute in all the West for the treatment of Alcohol, Opium, Morphine, Cocaine and Tobacco addictions, and Neurasthenia, and it receives the support of the leading physicians of this city and country. No one can doubt this after reading the following testimonials. We invite physicians to visit us and thoroughly inspect our Institute. All correspondence is strictly confidential.

### Testimonials.

The testimonials and endorsements which are given below are absolute proof of the truth of every claim made by us. They are from professional men, who are well and favorably known right here in Kansas City. They were given cheerfully with the hope that they might do some good.]

The Keeley Institute, University Club Building, 716 West 10th, Kansas City, Mo.

KANSAS CITY, MO., May 22, 1897.

Gentlemen: Through the great popularity attained by the Keeley Cure for the drink and drug habits, I have been led to thoroughly investigate it. I have done this by daily visits to the Keeley Institute in this city, seeing patients brought in who seemed to be physical and moral wrecks, and through the kindness of the physician in charge I have been permitted to see those patients from day to day, and to watch the effect of the treatment.

The feature of the Keeley treatment which strikes me most forcibly is the very little amount of suffering which must be borne during treatment, and while recovering from alcoholics and drugs, which have for years supplanted the normal functions of the living organism.

Ordinarily, as all physicians who have treated such cases will testify, the sufferings of such patients while under treatment are something terrible, so much so, indeed, as to often induce the kind-hearted physician to relieve the distress by permitting the patient to return temporarily to his whiskey or his opium. Under the Keeley treatment this does not seem to be necessary.

I have sent the Institute here a number of cases, and they all tell the same story—they were relieved, practically, without suffering, and were well before they knew it.

All physicians who have tried to treat such cases in private practice know the great amount of worry and annoyance such patients give us—so much, indeed, that few physicians care to be annoyed with them.

I endorse the Keeley treatment, because I believe it to be the best treatment ever devised for such maladies; because I believe it to be a great boon to humanity, and because I believe it to be my duty to commend and encourage a thing which I know has done so much good, and is destined to do more in the future. Yours truly,

WILLIS P. KING, M. D.,

Assistant Chief Surgeon to the Missouri Pacific Railway.

The Keeley Institute, University Club Building, 716 West 10th, Kansas City, Mo.

KANSAS CITY, MO., May 20, 1897.

Gentlemen: This is to certify that I have had no little experience with chronic alcoholics and drug habitues who have taken the Keeley treatment, and I am glad to be able to say that I never allow any opportunity to pass to advise those who are chronically addicted to these habits to avail themselves of the wonderful benefits derived from the Keeley treatment, and I believe it a duty I owe to all who are addicted to the use of alcohol or drugs to advise them to take this treatment.

Respectfully,

E. R. LEWIS, M. D.,

Sectional view of STEAM JACKETED STERILIZER, showing Steam Chamber Tested to 150 Pounds Pressure.

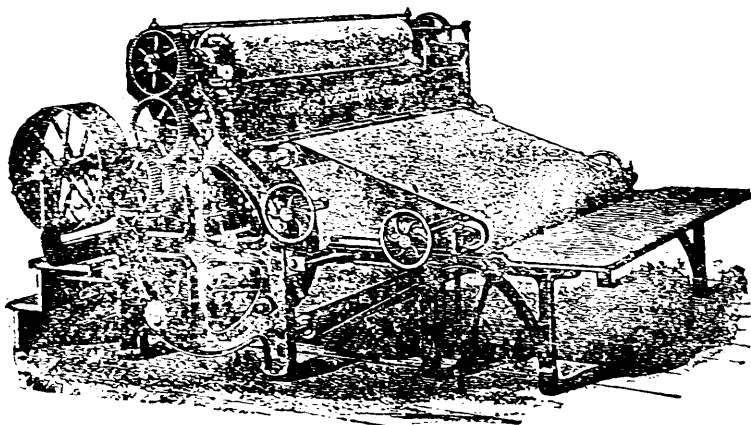

## The "American" Steam Jacketed Sterilizer

Is, as shown above, a reversing washing machine, the outer case of which has an interior jacket extending around the case, except at the door. The shell and the jacket are of heavy boiler plate, securely riveted together, and the steam chamber so formed is tested to 150 lbs. pressure. As steam at 100 lbs. pressure gives a temperature of 337° F., a dry and thoroughly sterilizing heat is obtained within the machine, making it a perfect sterilizing oven.

The clothing, being contained in the perforated reversing cylinder, the motion of which constantly exposes new surfaces of the clothing, it is speedily and completely sterilized. If desired, live steam can then be admitted in direct contact with the clothing, the foul odors being carried off by the vent pipe. The clothing may then be washed and taken from the machine thoroughly cleansed, instead of having to be removed, as in other sterilizers, with the filth baked upon it. An outer covering of asbestos prevents radiation and loss of heat.

R. L. POLK & CO.'S  
DENTAL REGISTER,

OF THE UNITED STATES AND CANADA.

---

The revised edition, to appear in 1898, will contain the names and addresses of over 20,000 Dentists, a list of the DENTAL COLLEGES in the United States and Canada, a synopsis of the LAWS for regulating the practice of Dentistry, and the Graduation Particulars of each Dentist. It will also include a vast amount of other information of special interest to the Dental Profession, calculated to insure for it a large and general circulation throughout both countries.

It is the **ONLY NATIONAL PUBLICATION** of the kind, and is conceded to be the standard and recognized Dental Register, and list of Dentists, Dental Institutions and Societies.

If you have anything to say to the **20,000 DENTISTS** in the United States and Canada, there is no better or more economical way of saying it to them than by an advertisement in the Register; or, if you wish to send them your circulars, the Register contains the list in convenient form for addressing.

## JOURNAL OF CUTANEOUS AND GENITO-URINARY DISEASES

The principal journal in English treating of these important specialties. Organ of the American Dermatological Association, American Association of Genito-Urinary Surgeons, New York Dermatological Society, and of the Section on Genito Urinary Surgery, New York Academy of Medicine. Established fifteen years. Presents the cream of the work in study and research of the leading specialists. The selections and abstracts are of the highest order. Profusely illustrated, in color where necessary, and in every way helpful to the student and practitioner. Edited by Drs. James C. Johnston and George Knowles Swinburne. Subscription, **\$2.50 a year**. Circulation, **2,500 monthly**.

## MEDICAL REVIEW OF REVIEWS

Is a Monthly Epitome of Medical Literature covering every department of Medicine and Surgery. It also contains a complete **Index Medicus** of the leading articles in all American and many foreign journals. This feature enables the reader to see at a glance the extent of current literature upon any special subject, and is a positive guide in research. **Medical Review of Reviews** is an invaluable supplement to the journals the physician is now taking and a thoroughly up-to-date *review of reviews*. Edited by Dr. Daniel Lewis. Subscription, **\$1.00 a year**. Circulation, **3,600 monthly**.

## THE NATIONAL MEDICAL REVIEW AND MILITARY SURGEON

Presents much of timely interest in view of existing conditions. Original Articles of value, Reviews and Abstracts. The immense resources of the Library of the Surgeon General's office enable the editors to command a large field, and to present translations from many languages, including Russian. Especially applicable are the articles on Military Medicine, Surgery and Hygiene. There are also Departments, edited by recognized authorities, dealing with Clinical Diagnosis (chemical, microscopical and bacteriological), Biochemistry, etc. The Only Medical Journal in the District of Columbia. Edited by Drs. George W. Johnston and Thomas E. McArdle. Subscription, **\$1.00 a year**. Circulation, **2,000 monthly**.

These Journals represent a new type of medical journalism. They stand for different and, as we believe, higher and better professional aims and methods than have generally been customary. They are owned, controlled, edited and published by members of the medical profession, and are working in your interest as a physician and in the best interests of the **WHOLE PROFESSION**. Your subscription is solicited.

## The Allison Physicians' Table.

**NOT HOW  
CHEAP,  
BUT HOW  
GOOD.**

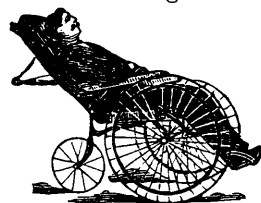

The most Perfect, Satisfactory and Practical appliance for Physicians' use ever invented. Its compactness, convenience, simple and easy manipulation, perfect adjustment and elegant finish have made it a prime favorite. The adjustable stirrups and leg crutches, the aseptic cabinet, and the many positions obtainable are duly appreciated by the busy Practitioner. Prominent Physicians of this and many foreign countries unite in their hearty endorsement of its excellence.

We also manufacture the celebrated Allison Gynecological Chair. It is a model of convenience.

Our Instrument and Medicine Cabinets are in general use, and never fail to please. Every inch of space used to the best possible advantage. Many handsome designs. Invalid Rolling and Parlor Reclining Chairs. Illustrated Catalogue free. Terms easy.

## CREST VIEW SANITARIUM.

A small private home for the treatment of all chronic cases, especially nervous prostration, mild nervous diseases or chronic narcotic habits. No objectionable cases accepted. Patients are received in the family and surrounded with the attention and comforts of a refined home, non-restraint, open air, free use of horses and carriages.

Greenwich is noted for its fine views, charming drives and scenery, and beautiful suburban homes, located on the New York and New Haven R. R., forty-eight minutes from the Grand Central Depot, New York City.

Address, for circulars and terms, H. W. HITCHCOCK, M. D., GREENWICH, CT

### Spring Hill Mineral Water.

This sulphur water by careful comparison has proved to be fully equal if not superior, in its healing and medicinal properties, to any of the celebrated springs or wells of the United States. In connection with our other methods of treatment we find it a great assistance in many cases, especially those of a scrofulous nature. For further information, address

# STAMMERING

## THE BRYANT SCHOOL FOR STAMMERERS.

**For the Correction of Stammering and other Affections of Speech where  
Drill in Articulation and the Technique of Speech are Indicated.**

As much of the speech apparatus is under control of the will, considerable may be done for those who suffer from speech defects, by a careful training of the respiratory, vocal and articulating organs. This training is given under the direction of a physician with sixteen years' experience. The profession may rely upon having the best treatment known for those who apply to them. Such remedies for nervous and physical conditions as directed by the patient's physician may also be used. The circular, "**How We Treat Stammering To-Day**," giving outline, information and references from eminent men and pupils, sent to any address mentioned.

## **GRAND TRUNK NEW SINGLE ARCH DOUBLE TRACK STEEL BRIDGE OVER THE NIAGARA RIVER.**

The new bridge is a single steel arch of 550 feet in length, supplemented by a trussed span, at either end, of 115 feet in length. This with the approaches, makes the total length of the bridge slightly over 1,100 feet. The railway tracks surmounting the bridge are 252 feet above the water. The bridge has two decks or floors. On the upper floor there are two tracks for railway purposes exclusively, while the lower floor contains a wide central carriageway, double electric railway tracks, and on either side passageway for pedestrians.

As an evidence of the enormous strength of this beautiful structure, the arch is designed to carry on each railway track a load of two locomotives with four pairs of drivers each and 40,000 pounds on each pair, followed by a train of 3,500 pounds per running foot, and is designed to carry in addition a live load of 3,000 pounds per running foot on the lower floor. The general public will, however, probably be better able to arrive at a correct understanding of the enormous sustaining power of the new bridge by the fact that it is calculated to sustain a weight of something over six times the sustaining capacity of the historic Suspension Bridge, which it replaces.
